

# NOTICE

**Roosevelt and Lawrence Area Lakes Association  
P.O. Box 139  
Emily, MN 56662**

The Roosevelt and Lawrence Area Lakes Association (RALALA hereafter) has contracted to treat Eurasian Water Milfoil, an Aquatic Invasive Species in Roosevelt Lake in 2017.

The Minnesota Department of Natural Resources has granted to the RALALA a waiver of the requirement that the association obtain the signatures of approval of owners of lake-shore property. Instead, the RALALA will notify property owners of the treatment through alternate forms. This notice is one form that the RALALA is using to notify property owners. Other forms include but not limited to notification on the RALALA member email list and a posting of this notice on the [www.ralalalakes.org](http://www.ralalalakes.org).

With regard to the treatment for this year, 2017:

1. The proposed date for treatment: June 15, 2017 through September 1, 2017
2. The target species for the treatment: Eurasian Water Milfoil
3. The method of control or product being used: EPA and MDA registered aquatic herbicides, such as but not limited to, Granular 2,4-D, Granular Triclopyr
4. How landowners may request that control not occur adjacent to the landowner's property: If you desire that the treatment of Eurasian Water Milfoil not occur adjacent to your property, please notify the RALALA immediately at the following address and email address below:
